

# Application for **Active/Associate** Membership

Dear Applicant,

Thank you for applying for members with the Society of Camera Operators. Enclosed you'll find the Society's membership application for Active and Associate membership. In order to consider your request, please complete the form and return it by postal mail with your initiation fee payment attached. Your application will be voted on at the next monthly Board of Governors meeting. Membership is granted at the discretion of Board of Governors.

## **What is the difference between Active and Associate membership?**

Active Members are able to demonstrate significant accomplishments as a camera operator with noteworthy credits and experience for a period of five years or more with operating being a significant part of their primary professional effort. Active Members may vote and use the SOC post-nominal initials after their name for camera operating screen credits.

For industry professionals who share a mutual interest in the craft of camera operating, we offer the proud alliance of "Associate Member." Associate membership is encouraged as a dignified intermediate step toward Active membership for those waiting to qualify as Active, or for those engaged in a related technical area such as: directors of photography, directors, camera assistants, etc. who do not claim camera operating as their main professional focus.

## **ACTIVE Membership Qualifications:**

- Be able to demonstrate significant accomplishment as a camera operator with noteworthy credits in your area of concentration. Please include a current list of credits with your application that includes dates and positions for each project.
- Be able to provide credits demonstrating your experience as a camera operator for a period of five (5) years or more.
- In addition, being a camera operator must be a significant part of your primary professional effort.
- You must be sponsored by an Active member in good standing and that individual must sign your application. If you do not have a sponsor, you must include three letters of recommendation from industry professionals.

## **ACTIVE Membership Benefits:**

- Use of SOC initials after your name for camera operating screen credits only.
- Your name listed in the membership roster on the SOC website and in the *Camera Operator* magazine
- Full voting privileges for Society's elections and Awards.
- Ability to run for committees and board seats.
- A personalized membership certificate.
- Various editorial and speaking opportunities representing the art and craft of camera operating
- Access to meetings, seminars and Society functions.
- Subscription to the Society's quarterly magazine: *Camera Operator* magazine and membership eNewsletter.
- Access to our Membership Content portal.

## **ASSOCIATE Membership Qualifications:**

SOC welcomes members of all crafts that share a mutual interest in camera operating or are engaged in the technical or creative arts. Associate membership is also the category for camera operators that have not yet gained the experience needed to qualify for Active membership.

## **ASSOCIATE Membership Benefits:**

- Your name listed in the membership roster on the SOC website and in the *Camera Operator* magazine.
- Various editorial and speaking opportunities representing the art and craft of camera operating
